How to Reach a Radiologist

Are you a physician/ referring provider?

8 AM - 5:30 PM M -F

(719) 867-7945

For after-hours assistance

(719) 867-9000

Pre-Authorization Assistance Program

The PENRAD Imaging Pre-Authorization Department will assist you with pre-authorization requirements to expedite patient radiology scheduling.

The following information is required:

- ✓ Company or Provider Tax ID number (*required by insurance*)
- ✓ Primary and secondary office contact name and phone number
- ✓ Patient insurance ID card copy front and back
- ✓ Pre-Authorization Fax Order Request to include specific diagnosis

Please fax any clinical information to include:

Any/all office notes, previous imaging, lab/pathology reports, and/or any other information pertinent to the exam.

Office notes NOT available at the time of a STAT order should be submitted as soon as available.

**An increasing number of insurance carriers require
office notes to obtain authorizations.**

PENRAD Imaging will be responsible for the following:

- ✓ Initiate pre-authorization process
- ✓ Fax supporting documentation and track pre-authorization process to completion
- ✓ Contact you if insurance carrier requires a peer-to-peer conversation
- ✓ Denied authorizations
 - You will be notified via phone by the pre-auth department
 - Patient will be contacted by phone
 - Denial information is faxed to your office
- ✓ Incomplete pre-authorization prior to patient scheduled appointment
 - You will be contacted by phone
 - Patient will be rescheduled

PENRAD Imaging's Pre-Authorization Department will work closely with your staff to provide the most efficient services for your patients and are available as an onsite resource.

**If you have questions, please contact the PENRAD Imaging
Pre-Authorization department at 719-573-3714**

MRI Guidelines

CPT	Exam	Contrast*	Indications / Guidelines
70551	MRI Brain	w/o	TIA, headache, dizziness, vision changes
70553	MRI Brain	w & w/o	Mass, tumor, history of cancer, MS, encephalitis, meningitis requires w/wo contrast
70544	MRA Brain Arterial	w/o	R/O aneurysm, clot, stenosis. Looks at blood vessels and blood flow. Contrast not helpful for technique used, thus w/o. AKA Circle of Willis
70553	MRI Brain to include IAC's	w & w/o	Hearing loss, dizziness, vertigo, tinnitus, acoustic neuroma, schwannoma. Contrast will enhance any abnormalities
70551	MRI Brain to include IAC's	w/o	Should be done with and without contrast unless there is a creatinine/GFR issue
70543	MRI Orbit - face/soft tissue neck	w & w/o	Blurry vision, double vision, loss of vision, optic neuritis. All indications require w/wo contrast
70540	MRI Orbit - face/soft tissue neck	w/o	Without contrast only if there is a creatinine/GFR issue
70551	MRI IAC's	w/o	Only ordered in conjunction with a separate brain order
72148	MRI Lumbar	w/o	Back pain, radiculopathy, leg pain, groin pain, numbness, tingling
72158	MRI Lumbar	w & w/o	Back pain, radiculopathy. Infection or surgical history within 2 years requires w/wo contrast.

*Special Note - Diagnosis of ankylosing spondylitis, sacroiliitis, osteomyelitis, transverse myelitis, synovitis, poly-arthritis, discitis, rheumatoid arthritis, inflammatory arthritis, fasciitis, myositis, syrinx, tumor, mass, lesion, infection, or redness should always be **with and without contrast.**

When in doubt regarding how to order contrast, write **“contrast as indicated by radiologist.”**

Please call the MRI department with any ordering questions - (719) 867-6947 Or to speak with a radiologist - (719) 867-7945

MRI Guidelines

CPT	Exam	Contrast*	Indications / Guidelines
72146	MRI Thoracic	w/o	Back pain, thoracic radiculopathy
72157	MRI Thoracic	w & w/o	Infection, tumor or intrathecal catheter evaluation requires w/wo contrast
72141	MRI Cervical	w/o	Neck pain, arm pain, numbness, tingling. No contrast needed for surgery history
74183	MRI MRCP (this also includes the abdomen Liver and Pancreas)	w/o	Gallstone, cholecystectomy, abdominal pain, obstruction, jaundice. Contrast is usually indicated but can be without for kidney issues
74183	MRI Abdomen	w & w/o	Please choose organ specific exam if possible (liver, kidney, pancreas, MRCP) Generally requires w/wo contrast
74183+72197	MRI Abdomen/Pelvis	w & w/o	W/wo contrast is generally required. These are two separate exams
73721	MRI Knee	w/o	Knee pain, meniscus tear, effusion, instability
73223	MRI Shoulder	w & w/o	Infection, mass or Rheumatoid arthritis requires w/wo contrast. If for Labral or Slap tear, recommend MRI arthrogram w/contrast
73221	MRI Shoulder	w/o	Rotator cuff tear, should pain, limited range of motion, dislocation
72195	MRI Prostate	w/o	Elevated PSA, prostate cancer, therapy planning

*Special Note - Diagnosis of ankylosing spondylitis, sacroiliitis, osteomyelitis, transverse myelitis, synovitis, poly-arthritis, discitis, rheumatoid arthritis, inflammatory arthritis, fasciitis, myositis, syrinx, tumor, mass, lesion, infection, or redness should always be **with and without contrast.**

When in doubt regarding how to order contrast, write **“contrast as indicated by radiologist.”**

Please call the MRI department with any ordering questions - (719) 867-6947

Or to speak with a radiologist - (719) 867-7945

CT Guidelines

CPT	Exam	Contrast	Indications / Guidelines
74150	CT Abdomen Only	w/o	Abdomen pain with high creatinine/low GFR, still will use oral contrast
74160	CT Abdomen Only	w	Abdominal pain, RUQ/LUQ pain
74170	CT Abdomen Only	w & w/o	Multiphase studies, liver mass/lesion, adrenal adenoma, renal mass, pancreatic mass
72192	CT Pelvis Only	w/o	Pelvic fx
72193	CT Pelvis Only	w	Pelvic pain, ovarian cyst, adnexal mass
74176	CT Abd/Pelvis - Stone Protocol	w/o	Kidney stones, flank pain, hematuria
74176	CT Abd/Pelvis	w/o	Abd/pelvic pain with high creatinine/low GFR
74177	CT Abd/Pelvis	w	Generalized abdominal pain, cancer staging, r/o appy
74178	CT IVP	w & w/o	hematuria, evaluation of kidneys, ureters, and bladder
74177	CT Abd/Pelvis-Enterography	w	Crohn's disease, IBS.
74174	CT Angio Abdomen/Pelvis	w & w/o	Abdominal aortic aneurysm, dissection, mesenteric ischemia

When in doubt regarding how to order contrast, write **“contrast as indicated by radiologist.”**

*Please call the CT department with any ordering questions - (719) 867-7955
Or to speak with a radiologist - (719) 867-7945*

CT Guidelines

CPT	Exam	Contrast	Indications / Guidelines
70450	CT Head/Brain	w/o	Headache, syncope, memory loss, trauma, dizziness
70470	CT Head/Brain	w & w/o	Mass, tumor
70496	CT Angio Head/ Brain	w & w/o	Evaluate Circle of Willis, aneurysm, arterial stenosis
70498	CT Angio Neck	w & w/o	Carotid artery stenosis
70486	CT Maxillofacial	w/o	Fracture on facial area/mandible, facial trauma
70487	CT Maxillofacial	w	Mass, tumor, bone lesion
70480	CT Orbits	w/o	Fracture to orbit
70480	CT IAC's	w/o	Tinnitus, hearing loss
70481	CT IAC's	w	Mass, lesion, or abscess
70486	CT Sinus	w/o	Chronic sinus infection, polyps, etc.
70491	CT Soft Tissue Neck	w	Mass/tumor, lump, pain
70492	CT Soft Tissue Neck	w & w/o	Looking for stones - Silolithiasis

When in doubt regarding how to order contrast, write **“contrast as indicated by radiologist.”**

*Please call the CT department with any ordering questions - (719) 867-7955
Or to speak with a radiologist - (719) 867-7945*

CT Guidelines

CPT	Exam	Contrast	Indications / Guidelines
71250	CT Chest High Res	w/o	High Resolution - Pulmonary fibrosis, bronchiectasis or interstitial lung disease
71250	CT Chest (Thorax)	w/o	Lung nodule, pleural effusion
71260	CT Chest (Thorax)	w	Cough, Abnormal chest x-ray, Mass, lesion, tumor, ca, pulmonary nodule seen on another study other than chest CT (this will be the baseline)
G0297	Lung Cancer Screening	w/o	55-80 years old, 30+ pack year smoker, current or quit within 15 yrs. Can only have this done 1 per year
75571	Heart Screen	w/o	Coronary artery calcium scoring
71275	CT Angio Chest (Thorax)	w	Shortness of breath, chest pain, (PE)pulmonary embolism, thoracic aneurysm, dissection, **Ascending aortic aneurysm
71275+74177	CT Angio Chest, Abd, Pelvis	w	AAA, dissection, **Ascending aortic aneurysm
71250+74150	CT Chest +Abdomen	w/o	Chest/abdominal pain with high creatinine/low GFR
71260+74160	CT Chest +Abdomen	w	Chest/abdominal pain
71250+74176	CT Chest, Abd, Pelvis	w/o	High creatinine/low GFR
71260+74177	CT Chest, Abd, Pelvis	w	Chest, Abd, pelvic pain, weight loss, cancer restaging

When in doubt regarding how to order contrast, write **“contrast as indicated by radiologist.”**

*Please call the CT department with any ordering questions - (719) 867-7955
Or to speak with a radiologist - (719) 867-7945*

CT Guidelines

CPT	Exam	Contrast	Indications / Guidelines
72125	CT Cervical Spine	w/o	Fracture, neck pain, cervicalgia
72128	CT Thoracic Spine	w/o	Upper back pain
72131	CT Lumbar Spine	w/o	Low back pain, spinal stenosis
73200	CT Upper Extremity - please specify joint	w/o	Fracture
73201	CT Upper Extremity - please specify joint	w	Mass, lesion, abscess, osteomyelitis
73700	CT Lower Extremity - please specify joint	w/o	Fracture
73701	CT Lower Extremity - please specify joint	w	Mass, lesion, abscess, osteomyelitis
75635	CTA Abd Aorta, Pelvis bilateral with Runoff (Or should we just say "CTA Abd Aorta with runoff")	w & w/o	Abnormalities in arteries of legs, PVD

When in doubt regarding how to order contrast, write **“contrast as indicated by radiologist.”**

*Please call the CT department with any ordering questions - (719) 867-7955
Or to speak with a radiologist - (719) 867-7945*

Ultrasound Guidelines

CPT	Exam	AKA	Indications / Guidelines
76700	US Abdomen Complete	Upper Abdomen	Abdominal Pain Includes Pancreas, Aorta, IVC, Liver, GB, Spleen and Bilateral Kidneys
76705	US Abdomen Limited	US Hernia, US Appendix, US Soft tissue Abdomen/ Back	Appendix, hernia or abdominal wall lump, lower back lump Please indicate the specific structure you would like evaluated
76706	US AAA Screening	Aorta Screening	Patient MUST meet one of the eligibility requirements: a family history of AAA and/or be a male between the ages of 65-75 with a history of smoking
76775	US Abdominal Aorta	US Aorta	Pulsatile abdominal mass, tobacco use, atherosclerotic disease. *NOT AAA screening but a diagnostic exam
76705+93975	US Abdomen Limited w/ Doppler		If ONLY liver, spleen or both are requested, to be imaged with Doppler. Includes Liver, Spleen, Complete Portal system Doppler
76700+93975	US Abdomen Complete w/ Doppler	Upper Abdomen	All upper abdomen organs imaged w/ Doppler of liver and splenic vessels Includes Pancreas, Aorta, IVC, Liver, GB, Spleen, Bilateral Kidneys w/ complete portal system Doppler
93975	US Abdominal Doppler		Doppler of portal system only - no organ evaluation included
76705	US Appendix		
93925	US Arterial Leg		Leg pain, loss of pulses, claudication
93930	US Arterial Arm		Arm pain, loss of pulses
76882	US Axilla		Axilla lump, swelling or pain

PENRAD Imaging now offers walk in US for a limited time at Audubon and Sisters Grove locations! For a current walk-in option, check our website at penrad.org

Please call the US department with any ordering questions - (719) 867-7992

Or to speak with a radiologist - (719) 867-7945

(719) 785-9000

877-6-PENRAD • (877) 673-6723

PENRAD.org

Ultrasound Guidelines

CPT	Exam	AKA	Indications / Guidelines
51798	US Bladder with PVR	PVR: post void residual	Bladder only exam. Does NOT include renal images. Finish 24oz of water 1 hour prior to exam time. DO NOT void. Come with a full bladder
76642	US Breast		We do not do screening breast ultrasounds in place of a mammogram. Targeted ultrasound can be performed if patient has a specific lump or area of pain - please indicate on script
19000	US Breast Aspiration		
19286	US Breast Core BX w/ clip placement		
93880	US Carotid Arteries		Evaluates bilateral carotid and vertebral arteries
76604	US Soft Tissue Chest or Upper Back		Lump on chest area or upper back
76705	US Hernia		Please indicate on script what area you are concerned for hernia (ex: inguinal, ventral, umbilical, etc.) No prep for this exam
76885	US Infant Hips Pediatric		**Schedule up to 6 months only**
93976	US Mesenteric Doppler	SMA Doppler, celiac Doppler,	R/O mesenteric ischemia, post prandial pain. NPO 6 hours prior to exam. May take small sips of water as needed; May take medications;

PENRAD Imaging now offers walk in US for a limited time at Audubon and Sisters Grove locations! For a current walk-in option, check our website at penrad.org

*Please call the US department with any ordering questions - (719) 867-7992
Or to speak with a radiologist - (719) 867-7945*

Ultrasound Guidelines

CPT	Exam	AKA	Indications / Guidelines
76870	US Pelvic Male	Prostate US	Evaluates bladder, prostate gland. Finish 24oz of water 1 hr prior to appointment. Do NOT void. Come in with a full bladder
76856 +93975	US Pelvic - Transabdominal with Doppler if needed	TA	Finish 24oz of water 1 hr prior to appointment. Do NOT void-Come in with a full bladder. This study is typically only done for non-sexually active females
76830+93975	US Pelvic - Transvaginal with Doppler if needed	TV	Transvaginal imaging of uterus, endometrium, and bilateral ovaries
76705	US Pylorus - PEDS		Patient to bring a bottle of Pedialyte, breast milk or formula. NPO 30-60 min prior to exam
76770	US Renal	Bilateral kidneys and bladder included	Adults >12 y/o NPO 4 hrs prior to exam PLUS Finish 24 oz of water 1 hr prior to appointment, Do NOT void
76770	US Renal - PEDS	Renal, kidneys, and bladder included	PEDS 3-11yrs NPO 4 hrs prior to exam PLUS Finish 16 oz of water 1 hr prior to appointment, Do NOT void Infant-2yrs: NPO 30-60 min prior to exam time
76770	US Renal w/ Renal Doppler	Renal Arteries	R/O RAS, R/O stenosis, Uncontrolled or malignant HTN NPO 6 hrs prior to exam, with the exception of 24ozs of water, Do NOT void, come with full bladder

PENRAD Imaging now offers walk in US for a limited time at Audubon and Sisters Grove locations! For a current walk-in option, check our website at penrad.org

Please call the US department with any ordering questions - (719) 867-7992

Or to speak with a radiologist - (719) 867-7945

Ultrasound Guidelines

CPT	Exam	AKA	Indications / Guidelines
76705	US RUQ	Limited Abdomen US for RUQ pain. Includes Liver, GB, and CBD.	Adults 12 and older- NPO 6 hours prior to exam. PEDS prep 2yr to 12yrs- NPO 4 hours prior to exam. Infants/<24 months- NPO 30-60min prior to exam time.
76705	US Soft Tissue Abdomen		Soft tissue lump in the abdominal area
76604	US Soft Tissue Chest or Back		Soft tissue lump in the chest or upper back area
76536	US Soft Tissue Head/Neck	Head, face or neck lump, lymphadenopathy, mass, parotid or submandibular glands	Thyroid is not included in this exam. If both Thyroid and Soft Tissue Neck are needed - please order both studies
76882	US Soft Tissue/ Musculoskeletal Limited	lump or mass on an extremity	We do not perform whole joint MSK ultrasound

PENRAD Imaging now offers walk in US for a limited time at Audubon and Sisters Grove locations! For a current walk-in option, check our website at penrad.org

*Please call the US department with any ordering questions - (719) 867-7992
Or to speak with a radiologist - (719) 867-7945*

Ultrasound Guidelines

CPT	Exam	AKA	Indications / Guidelines
76857	US Soft Tissue Pelvis	Soft tissue lump in the pelvic, groin, etc. NOT hernia related	No prep
76800	US Spinal Canal - PEDS	spine, sacrum, pilonidal cyst or dimple	Advise parents to feed baby just prior to coming is as this makes it easier for the exam to be done.
76705	US Spleen	Splenomegaly, thrombocytopenia	No prep needed
76870	US Scrotum with Doppler	Testicular	N/A
76536	US Thyroid		goiter, nodules or thyroiditis
93979	US Vascular Aorta/ IVC/ Iliac	Aorta Doppler	NPO 8 hours prior to exam.
93970	US Venous Leg		Please indicate a good call report number when scheduling
93970	US Venous Arm		Please indicate a good call report number when scheduling

PENRAD Imaging now offers walk in US for a limited time at Audubon and Sisters Grove locations! For a current walk-in option, check our website at penrad.org

*Please call the US department with any ordering questions - (719) 867-7992
Or to speak with a radiologist - (719) 867-7945*

Fluoroscopy Guidelines

CPT	Exam	AKA	Indications / Guidelines
27369 + 73722 (MR) or 73701 (CT)	Arthrogram Knee	MRI Arthrogram- Arthrograms are often done with MRI to follow but can be done with CT if patient has a contraindication	R/O tear of ligament or muscle
27093 + 73722 (MR) or 73701 (CT)	Arthrography Hip	MRI Arthrogram- Arthrograms are often done with MRI to follow but can be done with CT if patient has a contraindication	R/O tear of ligament or muscle, specifically in labrum
23350 + 73222 (MR) or 73201 (CT)	Arthrography Shoulder	MRI Arthrogram- Arthrograms are often done with MRI to follow but can be done with CT if patient has a contraindication	R/O tear of ligament or muscle, specifically in labrum
74220	Barium Swallow (Pharynx-Esophagus)	Esophagram	Used to evaluate difficulty swallowing, hiatal hernia, narrowing stricture in esophagus, dysphasia
58340	Hysterosalpingography	HSG (Be careful not to confuse this exam with a hystersonogram which is an US study).	Used to evaluate Infertility, birth control

Please call the X-ray department with any ordering questions - (719) 573-3740
Or to speak with a radiologist - (719) 867-7945

Fluoroscopy Guidelines

CPT	Exam	AKA	Indications / Guidelines
74400	IVP w Tomography *	Intravenous Pyelogram	Kidney stones, hydronephrosis, anything with kidneys, ureter and bladder, follow up for bladder cancer, ureter cancer, anything within the urinary system
74250	Small Bowel Follow Through	Small Bowel, SBFT	R/O crones, lower abdominal pain
74240	Upper GI w Air Contrast *	UGI	Looking for any stomach problems, obstructions, ulcers in stomach
74246	Upper GI	UGI	Looking for any stomach problems, obstructions, ulcers in stomach
74230	Video Swallow	modified swallow study	Coordinated with a speech language pathologist on Tuesday afternoons, dysphasia looking at proximal portion. Patient must be able to understand instructions

*Please call the X-ray department with any ordering questions - (719) 573-3740
Or to speak with a radiologist - (719) 867-7945*

PET Guidelines

CPT	Exam	AKA	Indications / Guidelines
78815	Skull Base to Mid-Thigh	Pet Scan	Most common
78816	Whole Body		Only ordered for Melanoma, Sarcoma with Primary in the node, or extremity, Cutaneous Lymphoma, Multiple Myeloma. Whole body is not needed for SPN unless primary is suspected in extremity
78816	PET Whole Body Bone	PET BONE Or Sodium Fluoride PET.	Evaluates only for bone metastasis. Most insurance will not cover this. A nuclear Medicine whole body bone scan may offer the same results
78608	PET Brain		Dementia is the only diagnosis covered by Medicare or Medicare replacement plans.

*Please call the PET department with any ordering questions - (719) 867-7965
Or to speak with a radiologist - (719) 867-7945*

Nuclear Medicine Guidelines

CPT	Exam	AKA	Indications / Guidelines
78315	NM Bone 3 Phase		This should be ordered to evaluate joint replacement or pain in extremity
78306	NM Bone Whole Body	Radionuclide Bone Scan	Often ordered to evaluate metastasis or follow up lesion on xray
78264	NM Gastric Emptying Study 4 hr	GES	NPO 6 hours prior, No stomach meds, 12 hours prior to exam No anti-nausea meds, no acid reducers. No narcotics 4hrs prior to exam. If patient states it is a long acting narcotics, discontinue for 12 hrs prior to exam. All other meds ok with sip of water
78227	NM Hepatobiliary System (HIDA Scan)	HIDA Scan	NPO 4 hours prior, No narcotic meds at least 4 hrs prior to exam, other meds ok with sip of water
78582	NM Pulmonary Perfusion with Ventilation	VQ Scan	Must also have a script for a CXR. Patient to arrive 1 hr prior to VQ for CXR
78707	NM Renal w Lasix	MAG3 Renal	No prep
78195	NM Lymphoscintigraphy	Sentinel Node scan.	No prep, but PENRAD will work with the ordering Dr's office to coordinate with surgery
78290	NM Meckel's localization		No prep
78014	Thyroid Scan	I123 Uptake and scan	Labs needed are T3, T4 and TSH
78070	Parathyroid Scan	Sestamibi Scan	No Prep. Thyroid meds do NOT have to be stopped for this exam. We do NOT do Spect Parathyroid

Please call the PET department with any ordering questions - (719) 867-7965
Or to speak with a radiologist - (719) 867-7945

Mammography Guidelines

CPT	Exam	AKA	Indications / Guidelines
77062	Digital Breast Tomosynthesis Bilateral	Tomo/3D Mammo	Typically recommended for dense breast tissue, especially if patient is a frequent callback due to dense breast tissue
19030	Galactogram		Commonly ordered to view the inside of the breast's milk ducts. It is most commonly used when a woman has experienced a bloody or clear discharge from the breast nipple but has an otherwise normal mammogram
77066	Mammography Digital Diagnostic		If patient complains of pain, lump, a diagnostic script is needed (US if indicated)
77066	Mammography Digital Diagnostic w Implants		If patient complains of pain, lump, a diagnostic script is needed (US if indicated)
77057	Mammography Digital Screening	Mammo	Recommended by radiologists and ACR as the gold standard - Yearly mammo beginning at age 40

*Please call the Mammo/Dexa department with any ordering questions - (719) 867-6997
Or to speak with a radiologist - (719) 867-7945*

DEXA Guidelines

CPT	Exam	Contrast	Indications / Guidelines
77080	DEXA Bone Densitometry	Bone Density, BMD, DEXA	Best Baseline to perform. Typically, basic screening and most common ordered. No calcium supplements (including calcium containing multi-vitamins) 24 hours before exam. All other medications are fine to take
76499	DEXA Body Fat Composition	Bone Density, BMD, DEXA	Uncommon. Used to evaluate BMI
77081	DEXA Bone Densitometry Forearm	Bone Density, BMD, DEXA	Uncommon. Only if patient has had both hips fractured or replaced
77085	DEXA Bone Densitometry w (IVA)	Bone Density, BMD, DEXA	Only order if patient has hx of compression fracture of thoracic spine. No calcium supplements (including calcium containing multi-vitamins) 24 hours before exam. All other medications are fine to take

*Please call the Mammo/Dexa department with any ordering questions - (719) 867-6997
Or to speak with a radiologist - (719) 867-7945*

Digital Connection Options

	Reports-Only Interface	Bidirectional (Orders + Reports) Interface	Desktop Delivery	Orders Caddy (PENRAD Printer)
System	Sends reports from PENRAD to your practice's EMR directly into the patient's chart.	Allows you to order imaging directly from your patient's chart and returns a report into the same chart when the exam is read.	Provides a folder (or multiple folders) that contain reports delivered to your practice. This report is in PDF format and has a free hyperlink to patient images.	Printer option may be installed on multiple computers. This securely and directly "prints" order to PENRAD.
PRICE	Costs to PENRAD and to you. <i>Your EMR charges a practice setup fee.</i>	Costs to PENRAD and to you. <i>Your EMR charges a practice setup fee.</i>	FREE to your practice.	FREE to your practice.
PROS	Smooth / reliable automation. No reports middleman. Reports are delivered directly into patient charts.	Full integration. All functions performed from and in patient charts.	PDF reports are clean & easy to import. Link to the images; no log-in required. Eliminates faxing from PENRAD to your practice.	Digital connection for orders and associated documents to PENRAD. Print as you would any document. Replaces faxing to PENRAD.

Did you know?

We're upgrading to Synapse 5

Image and Report access right at your fingertips.
View images, patient status, reports, and more utilizing the same system our radiologists use.
