

## Colorado Surprise / Balance Billing Disclosure Form

### Surprise Billing - Know Your Rights

Beginning January 1, 2020, Colorado state law protects you\* from “surprise billing,” also known as “balance billing.” These protections apply when:

- You receive covered emergency services, other than ambulance services, from an out-of-network provider in Colorado, and/or
- You unintentionally receive covered services from an out-of-network provider at an in-network facility in Colorado

### What is surprise / balance billing, and when does it happen?

If you are seen by a health care provider or use services in a facility or agency that is not in your health insurance plan’s provider network, sometimes referred to as “out-of-network,” you may receive a bill for additional costs associated with that care. Out-of-network health care providers often bill you for the difference between what your insurer decides is the eligible charge and what the out-of-network provider bills as the total charge. This is called “surprise” or “balance” billing.

### When you CANNOT be balance-billed:

#### Emergency Services

If you are receiving emergency services, the most you can be billed for is your plan’s in-network cost-sharing amounts, which are copayments, deductibles, and/or coinsurance. You cannot be balance-billed for any other amount. This includes both the emergency facility where you receive emergency services and any providers that see you for emergency care.

#### Nonemergency Services at an In-Network or Out-of-Network Health Care Provider

The health care provider must tell you if you are at an out-of-network location or at an in-network location that is using out-of-network providers. They must also tell you what types of services that you will be using may be provided by any out-of-network provider.

You have the right to request that in-network providers perform all covered medical services. However, you may have to receive medical services from an out-of-network provider if an in-network provider is not available. In this case, the most you can be billed for **covered** services is your in-network cost-sharing amount, which are copayments, deductibles, and/or coinsurance. These providers cannot balance bill you for additional costs.

### Additional Protections

- Your insurer will pay out-of-network providers and facilities directly.
- Your insurer must count any amount you pay for emergency services or certain out-of-network services (described above) toward your in-network deductible and out-of-pocket limit.
- Your provider, facility, hospital, or agency must refund any amount you overpay within sixty days of being notified.
- No one, including a provider, hospital, or insurer can ask you to limit or give up these rights.

*If you receive services from an out-of-network provider or facility or agency, you may still be balance billed, or you may be responsible for the entire bill. If you intentionally receive non-emergency services from an out-of-network provider or facility, you may also be balance billed.*
